# FourSure<sup>®</sup> 44

Designed by Strand & Hvass

The four-legged FourSure<sup>®</sup> 44 serves perfectly as a meeting and/or dining chair. The flexible shell offers superb back support. You can choose vibrant colours for an energetic image or maybe go with calm tones for a more natural and Nordic look. FourSure<sup>®</sup> 44 with inside upholstery is a popular choice; the combination of the shell and fabric makes it an interesting and beautiful chair, and wooden legs can be added for an even warmer feel.

## We dare to say...

The organically shaped design creates a fantastic coherency and graphic feel to the room. We love it, when we see how clients' explore the possibilities and maybe even dare to break the colour theme with one or several colours. Who would you rather eat lunch with: the calm and quiet one or the fun and energetic...?

## 88 great reasons...Almost.

- Super stackable
- Optional armrests
- Seat or inside upholstery
- Superb sitting comfort
- Part of a big chair family
- Noise reducing feet and construction

# FourSure<sup>®</sup> 44 & FourReal<sup>®</sup> 74

Designed by Strand & Hvass | Four Design

Part of the more curvaceous FourSure<sup>®</sup> range, the FourSure<sup>®</sup> 44 is an extremely comfortable four-legged stacking chair available with or without arms. FourSure<sup>®</sup> 44 is extremely comfortable due to its unique V-shape, flexible back and organic curves. FourSure<sup>®</sup> 44 is the perfect choice for canteens, meeting rooms, lecture rooms, or for office visitor seating.

# FourCast2<sup>®</sup> Four & FourEating<sup>®</sup>

Designed by Strand & Hvass

The FourCast2<sup>®</sup> Four is perfect in canteens, conference centres, educational establishments. FourEating<sup>®</sup> is a versatile folding table ideal for canteen, learning or meeting environments. The option of a chair suspension system allows chairs to hang under the table-top, clear of the ground, to prevent the practice of stacking chairs on tables when cleaning. Integrated castors on two legs and height adjustment glides aids movement and levelling.
