## What you maybe didn't know...

*What you maybe didn't know...*

*The Loop armrest is a new addition to our chair families. Just by adding an armrest to a meeting chair you help prevent invasion of your space (from direct contact to 60 cm). By adding an armrest you can help eliminate the feeling of having your territory invaded and thereby reduce the activity in our natural centre of fear (amygdala); this enables better concentration around the meeting table.*

## Why Four<sup>®</sup>Sure 99?

- *Seat or inner upholstery*
- *Superb sitting comfort*
- *Part of a big chair family*
- *Noise reducing feet and construction*
- *Return mechanism*
- *Built in free float system*
