

**FOUR<sup>®</sup>**  
DESIGN

**INNO<sup>®</sup>POD**

Inno®Pod is developed based on the physical and psychological challenges that we meet in modern work and study facilities. For Four Design the challenge has been to create a room that reduces noise, creates tranquility, improves mobility, and reduces the activity in our natural center of fear (amygdala), enabling the ability to concentrate everywhere.

Inno®Pod is mobile and easily moved and linked together with other Inno®Pods, when group work is the best working method. Inno®Pod is perfect for large spaces, walking areas, where you need a Touch down workplace.
